## ABOUT LESSONS IN YOUR HOME, LLC

The teachers that come to you!

Founded on one proven principle, Lessons In Your Home believes: Teach the student and the method will follow. Our Music In Your School program was created to follow this same principle and respond to the need for music education in our schools.

### THE SERVICE

Throughout the years, we have come to believe that our lessons are most appreciated in your home or school. We are equipped to teach all styles and levels of music education. Whether you are five or 75, music lessons will always enhance your life.

### THE TEACHERS

At Lessons In Your Home, we take pride in our qualified music teachers. All of our teachers are degreed or professionally established in the music community. Our goal remains clear every student achieves a grasp of the language of music. Through a simple approach, our teachers insure confidence in this language.

**Each student is unique so we teach them as individuals. With Music In Your School, the next page will always be an adventure.**

## Little Music Makers Sing, Dance, Play, Grow Ages 2-5

Our Little Music Makers program is designed for pre-school aged children. The classes can be incorporated into your normal school day or in an after-school setting. All children are musical and can sing in tune, keep a beat and develop listening skills. We believe that creating music is the most powerful way to learn. Music education is good for the mind.

### CURRICULUM

A trained music teacher who creates unique lesson plans customized to each class provides the concepts and skills covered in each week's lesson. The age-appropriate programs are carefully geared toward the abilities and learning styles for that particular age.

All of our classes incorporate the following:

#### **Singing**

- Both independently and in a group
- Ear training and sight-singing
- Songs from diverse cultures

#### **Listening**

- Classical and folk, well-known melodies and composers
- Rhythm pattern identification
- Interval and chord recognition
- Instrument recognition
- Introduction to periods and styles
- Identify higher/lower, louder/softer, faster/slower and same/different

#### **Play**

- Learn games and activities to identify intervals, pitch & rhythm
- Feel the connection between music and body through movement
- Experiment with various instruments

## During the School Day..

During your school day, let the Music In Your School faculty become an amazing asset to your team. We offer an unlimited range of classes to suit your many needs. Whether it be general music or starting that orchestra that parents have wanted for years, let us help.

Here is a sample of classes we can provide:

- General music class (all grades)
- Band, orchestra and chorus
- Group keyboard, violin, guitar or voice
- Digital/audio recording techniques
- Private music instruction

In addition to classes being offered during your regular school day, Music In Your School can also apply any class to after-school environment.

## After School, After-Care and Extended Day Programs

Make your after-school program the best with music education programs that benefit your students and enhance your existing program.

- **Private Lessons** - students learn an instrument through traditional, private study
- **Group Lessons** - keyboard, violin, guitar or voice
- **Music Workshops** - teach, reinforce or develop music skills or concepts
- **Percussion ensemble** - start a hand drum circle in your after-school program

Most of these programs are at no cost to the school!
